About the Emergency Community Support Fund (ECSF)

COVID-19 is top of mind for everyone in Canada and it is affecting the ways we support those who are vulnerable in our communities. This pandemic has created an increase in demand for local social services, shortages in supplies, and disruption in services.

The Emergency Community Support Fund (ECSF) is a $350 million investment made by the Government of Canada, through Employment and Social Development Canada (ESDC), to support vulnerable populations as they manage the impacts of COVID-19.

The Government of Canada has partnered with United Way Centraide Canada, Community Foundations Canada, and the Canadian Red Cross to distribute the Emergency Community Support Fund (ECSF) across the country. United Way Elgin Middlesex (UWEM) is working locally with our Community Foundation and Red Cross partners to support community service organizations to aid vulnerable populations impacted by the COVID-19 pandemic.

Where should organizations in Elgin Middlesex seek ECSF funds?

United Way Elgin Middlesex

UWEM is accepting applications from charities and other qualified donees located in and serving Elgin County, Middlesex County, City of St Thomas and/or City of London.

Community Foundations of Canada and local community foundations are accepting applications from qualified donees through a national online portal at communityfoundations.ca

Funding requests related to housing, affordable housing and housing stability in City of London and County of Middlesex should be directed to London Community Foundation.

Canadian Red Cross

Canadian Red Cross is managing a granting stream for nonprofits and a Preventing Disease Transmission Training & Equipment Program for registered charities, qualified donees and non-profits and is accepting applications through a national online portal at redcross.ca/communityorganizations

Nonprofit organizations should apply for funding to Red Cross. All funding requests from charities and nonprofits for PPE and training related to PPE should be directed to the Red Cross.
