# WOMEN UNITED™

## We are building a Women United program here in Elgin Middlesex.

Women United is a powerful network of local leaders, philanthropists, and changemakers who come together to improve the lives of women and children across Elgin and Middlesex counties. By uniting collective generosity, voices, and volunteer leadership, Women United addresses urgent needs today while helping build a stronger, more equitable future.

In over a dozen communities across the country, women are making an impact through local Women United groups. It's time for Elgin Middlesex to join this movement. You can be part of it!
